👤 About Me

I am an experienced Web Developer specializing in Front-End programming and UX/UI design. With 15 years of experience in a family business, I have developed strong entrepreneurial and problem-solving skills. I gained knowledge at ISM, completed Front-End studies at Bit Academy, and am currently continuing my studies at www.codecademy.com. I am easy-going, positive, and a determined 'fighter', constantly striving for perfection and innovation.
